Dear Commissioner Maloley:

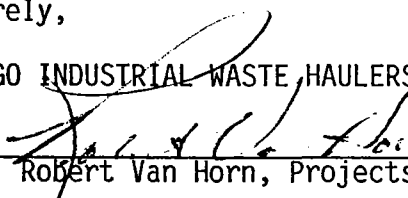

Please accept this letter as the initial application for approval to accept and process by detoxification various hazardous waste solvents at an existing facility located at 4343 Kennedy Avenue, East Chicago, Indiana.

We are presently conducting negotiations with the Bankruptcy Court of the Southern District of Indiana, which are based on an offer of purchase subject to our being able to permit the site properly under the Indiana law.

We would appreciate a response that would guide us in the right direction in seeking this approval and conforming to the Indiana regulations pertinent to this application.

Sincerely,

CHICAGO INDUSTRIAL WASTE HAULERS

By 
Robert Van Horn, Projects Manager
